

PRIMARY SCHOOL

NEWSLETTER - DECEMBER 2024

AUTUMN TERM

As an educational charity we want to support you to meet the challenges you have in delivering for your students.

Bringing the curriculum to life with fun

Having the resources, equipment and time to bring science, design technology and computing to life is not easy. Our qualified tutor brings everything needed on the day to deliver a fun, real-world application of your classroom learning.

Starting the discussion of careers and developing new 'soft' transferable skills

The world of work is changing quicker than ever, we can help start discussions about jobs and practice some of those essential skills for life and learning: problem solving, creativity, teamwork etc.

Sew how our workshops link to the National Curriculum on the next page.

IN 2023/2024 SATRO...

SUPPORTED OVER 11,300 STUDENTS

DELIVERED SESSIONS ACROSS THE SOUTH-CENTRAL AREA, FROM BASINGSTOKE TO OXTED

WORKED WITH OVER 510 VOLUNTEERS FROM INDUSTRY GIVING OVER 4,600 HOURS

JOIN OUR FOCUS GROUP

We are looking to start a new Primary School focus group to gather your thoughts on how SATRO as a STEM educational charity can support schools.

WANT TO BE A HOST?

Are you interested in hosting an inter-school event?

Contact our team to find out what opportunities there are in your area.

Our primary events are designed to support the curriculum and provide inspiring learning opportunities for pupils that work alongside your schemes of work.

Our strength lies in the wealth of experience across the team and our ability to be flexible to make it work for your school day and best support your chosen cohort.

SATRO delivers to whole year groups, individual classes and can provide a series of timetabled sessions. We work with all abilities and are able to adapt to student needs and the size of the school. It is also possible to put together discounted packages that will support across the academic year meeting your aims in all year groups.

THIS ACADEMIC YEAR

PROBLEM SOLVING CHALLENGE

In its 37th year our hugely successful Secondary School challenge brings over 600 students together every year. We recently launched a Primary School version for Year 6 teams and have a few spaces left for heats in Leatherhead, Guildford and Farnham in January 2025. Teams of 6 students will compete to solve the set problem with their knowledge, skills, creativity and ingenuity.

Contact: kirsten.mcguire@satro.org.uk to find out more

PRIMARY SCIENCE FAIR

Would you be interested in hosting a science fair for your own and other local primary schools? Often used by those who are in the same feeder area to a secondary school, those in more rural areas, or in the same educational trust to encourage student engagement as well as learning.

Get in touch: contactus@satro.org.uk to find out more.

RURAL ROADS WORKSHOP

Thanks to funding from Rees Jeffreys we are looking for three schools in Surrey who are based on rural roads. The free workshop will engage pupils in the habitats, sustainability and safety of their rural roads. Sessions will increase appreciation of the highways, the roadside environment and safety engaging the youngest members of our communities in primary schools.

Contact: carl.webb@satro.org.uk to find our more about eligibility

DISCOUNT FOR MULTIPLE BOOKINGS IN ACADEMIC YEAR

We know that many of you plan ahead for the year, as do we, so we are offering a range of discounts for multiple bookings by a school where those bookings are made together for dates across the academic year. This also avoids disappointment at the busiest times of the year e.g. June/July. Thanks to funding we have received workshops are now £75 per class (before multiple booking discount).

Prices and discounts are clearly stated on our website for each event or workshop, or please email contactus@satro.org.uk for further information or to discuss further.
